

Living Together in Love

What do you love about going to your church?

What else could your church do to let you know that you belong to the loving family of God?

- Make treats to give to the older people in your church.
- Adopt an older person in your church, invite them to dinner or lunch, pray for them, care for them and help them (in other words, keep in touch with them throughout the week)
- Make a big poster of all the things you love about your church and ask if you can put it on the wall at church. Maybe other people will add their thoughts too!
- Ask the pastor what you and your family can do to make your church an even happier place, where people feel welcome and loved.
